

Web Services by Totally Covered, LLC

Frequently asked questions:

How much does a website cost?

Pricing is typically \$1,200 per website. Premium designs are more. We can use your own domain (www.yourbusinessname.com), or we can order your domain for you for \$10 (free with hosting).

What do I get?

Special features, customization of graphics, photos, video, a design of your choice, customer interactivity, marketing expertise, and more. Expect about 3-10 web pages.

Do you provide hosting?

We will host your website on the Internet for \$24.99/month, including email (virtually unlimited email addresses), billed annually. There are additional charges for Websites with extremely heavy traffic and other special features, but these circumstances are rare.

How do you handle billing?

Totally Covered, LLC bills the \$24.99 monthly hosting service annually at \$299.88. Design services are 50% down, 50% upon completion. Extras are pay-as-you-go. For lower up-front costs, bundled monthly service plans are available. These plans include computer services, data backup, and more.

What do I need to provide?

You will provide the text, photos, and other media that will appear on your website.

Do you help create content for me?

Totally Covered can provide professional photo services, logo design, graphic design, video editing, and copy writing (text creation) services to meet your needs and budget.

When will my Website be finished?

After all material is provided by you, your website will typically be complete within six weeks.
