

Small Business

Save Money and get Complete Support

A Service Agreement from Totally Covered can cover all your technology needs for only \$89/month!

Backup: Safeguard your documents, pictures, and more with automatic backup. Use your password and encryption key (provided) to restore your data in case of a disaster. **Secure and encrypted backup** even meets HIPAA guidelines for medical documents and materials.

Promote: Expand your business by **reaching new markets**. Even if you already have your own Website, your **Website hosting, email and spam protection** is included. If you need a new Website, get your own custom domain name, and custom email addresses!

Repair: Enjoy Accurate Troubleshooting and Repair when something breaks, up to **six service calls per year and free phone support!** Even includes setup of new systems, and network support. If you need additional time, you can simply upgrade your plan, or pay as you go.

How much will your business save?

- Current Repair Expenses Per Year
- Current Website Hosting and Domain Name Expenses
- Cost of current Backup Implementation or Data Loss
